

## FLEET CARE PROGRAM

Thank you for taking this time to look into **Lube City** and our products and services. Whether your fleet has five vehicles or five hundred, **Lube City** can help meet your **Maintenance** requirements, reduce major repair costs and help minimize unnecessary downtime.

At present, **Lube City** is supplying services and products to over 1000 companies throughout Alberta. We offer a **Care Program** for your company fleet vehicles based on **Manufacturers Recommendations** and our **Best Value Package 31 Point Full Service Oil & Filter Change**. There is no appointment necessary and we get you in and out in an average of 15 minutes. Along with this service we can also supply monthly reporting, centralized billing, computerized invoicing to help you manage your maintenance and record keeping, track warranties and service histories for every vehicle in your fleet, and establish care and dollar limits to assist you in maintaining your budget.

If you have any questions or require further information, please contact me
